MOTORING: GETTING THE MAXIMUM FROM YOUR NEW MINI

By Gary Anderson and Don Racine. There's more performance potential in the MINI than has been realized by their designers. With only a small investment, the MINI Cooper owner can make his or her car a marvelous performer on the track and autocross course as well as on the street. Unfortunately for most owners, the choices to upgrade the MINI Cooper are almost overwhelming and the jargon that surrounds these products and their use is confusing, at best.

MOTORING demystifies both the process of upgrading the MINI Cooper and the techniques of driving well. The reader is shown how to make their MINI a better performer on the road, then upgrade performance and handling for autocrossing and track days, and finally build a full-race version of the car. In each section, aftermarket components are introduced in the order that makes the most sense to upgrade the car. Techniques of how to drive the MINI Cooper safely and well on both the street and closed courses are also introduced.

The authors don't assume that the reader knows anything about the mechanical side of cars, or technical driving techniques at the beginning of the book, but by the end of this book, the MINI Cooper owner will have a comprehensive grasp of these principles and a practical step-by-step recipe for taking a new MINI Cooper to whatever level of performance is appropriate to the owner's intentions for its use. 6x9 inches, softbound, 240 pages, over 100 color illustrations.

BOOK45 Reg. \$29.95 **\$19.95**

"The authors delivered much more and better information than I expected. In an age when over-promising is the norm, it is a pleasure to get more than you expected."
 — N.H., Allison Park, PA.

MINI SERVICE MANUAL 2002-2004

This service manual for the new MINI Cooper and MINI Cooper S by Bentley Service Publications is a comprehensive source of service information and specifications for MINI Cooper models from 2002 to 2004. The aim throughout this manual has been simplicity, clarity and completeness, with practical explanations, step-by-step procedures and accurate specifications. Whether you're a professional or a do-it-yourself MINI owner, this manual will help you understand, care for and repair your car. In addition, the owner who has no intention

of working on his or her car will find that reading and owning this manual will make it possible to discuss repairs more intelligently with a professional technician. While this comprehensive manual is written for the 2002-2004 MINI, the manual covers the majority of the information for the 05-06 models. These 'differences' constitute a fraction of the information in the manual. 8 1/2 x 11 inches, hundreds of pages!

BOOK107 **\$99.95**

HAYNES MINI WORKSHOP MANUAL

The Haynes manuals are a great for general maintenance. Information is included for major repairs and overhauls as well. Everything is covered from checking the oil to rebuilding the engine. No Mini Cooper owner should be without one! Covers model years 2001 - 2005; does NOT cover models with CVT automatic transmission, diesel engines, or features specific to Cabrio or JCW conversions. Note that Haynes used a right hand drive car in the making of this manual. While some parts are in different locations than

on a left hand drive vehicle, the underlying maintenance, repair and overhaul processes remain valid.

4273 Reg. \$39.95 **\$34.95**

NEW MINI BOOK

By Graham Robson. This fact-packed, lavishly illustrated book analyzes the spectacularly successful Mini - heritage, the thinking behind a new-generation car, the search for an engine/transmission, the

BMW/Rover divorce, engineering the MINI for global sales with the prime market in the US, and speculation on future derivatives. Appendices list technical specifications, performance figures and prices. Hardcover, 144 pages.

BOOK97 Reg. \$34.95 **\$29.95**

YOU AND YOUR NEW MINI

"You and Your New MINI - Buying, enjoying, maintaining, modifying" by Tim Mundy. This all-color book will fascinate all New MINI owners and enthusiasts. It includes information the New MINI's roots

and models, provides buying advice, and has plenty of invaluable information on how to keep your MINI in top form, including engine tuning, performance upgrades, and cosmetic modifications. Hardback, 8 1/2 x 11 inches, 160 pages, 160 color illustrations.

BOOK108 Reg. \$39.95 **\$34.95**

MINI COOPER

By Patrick Paternie. Witness the revival of the immortal Mini Cooper! This miracle of compact packaging and innovative engineering has

been updated as a modern car with hip new styling and a legitimate pedigree. Explore the development of the Mini Cooper and learn how BMW paid homage to its ideal while creating a sophisticated, exciting, and practical car. Part of the ColorTech Series. Softcover, 128 pages.

BOOK101 Reg. \$19.95 **\$17.50**

- NMA6012**, *Reg. \$14.95* **\$12.95**

CABRIO TOP CARE KIT

This All-in-One Kit contains both the 16 oz. 303 Convertible Top Cleaner AND the 16 oz. 303 High Tech Fabric Guard - everything you need to keep your MINI convertible top looking like new!

303 Top Cleaner utilizes a unique "colloidal" action to lift and suspend oil, grease and dirt. It does not contain soap, detergents, toxic organics, phosphates, nitrates or caustics.

303 Top Cleaner is extremely safe and effective, and leaves no residue like most cleaners.

On convertible tops, 303 High Tech Fabric Guard restores lost water and stain repellency to factory new levels. 303 High Tech Fabric Guard resists soiling, impedes mildew formation and helps protect against the sun's harmful UV rays. UPS Ground shipments only; no shipments to Hawaii, Alaska, Canada, or overseas.

NMA7100 **\$29.95**

303 AEROSPACE PROTECTANT

303 Aerospace Protectant is THE LEADER in UV screening technology and really is like "SPF 40 Sunscreen" for your MINI. Regular use of 303 Aerospace Protectant can reduce UV caused slow-fade by up to 100%. No other protectant beautifies as intensely, protects as powerfully or lasts as long.

Manufacturers worldwide recommend 303 Aerospace Protectant for countless uses. Use on rubber, Latex, Neoprene, EPDM Seals, weather-stripping, wet/dry suits, rubber roofs, vinyl, hypalon, urethane, vinyl awnings, clear vinyl, tonneaus, car bras, spa covers, pool covers, inflatable boats and so much more! For maximum UV protection, reapply every 30-45 days of EXPOSURE. 16 oz. spray bottle.

NMA7101 **\$14.95**

Using the wrong vinyl 'protection' product is worse than using no vinyl treatment product at all! Avoid vinyl treatment products that contain any type of oil, have an oily or greasy feeling, contain petroleum distillates or leave a coating that dries like wax. If a product label says "flammable" or contains petroleum distillates, do not use on vinyl.

COOPER VALVE STEM CAPS

If you run tube or tubeless tires you will have a valve stem on the wheel. This is the ideal way to dress-up even the smallest part of your car. Sets of four caps.

MSA1123 'Cooper' **\$14.95**
MSA1123/MINI 'MINI' **\$14.95**
MSA1123/USA US Flag **\$14.95**
MSA1123/WREATH Cooper Wreath **\$14.95**

MINI MANIA CAR DUSTER

Keep your MINI clean between washings and before covering with this 14-inch long reusable duster. Specially treated soft cotton brush lifts dirt off your car without damaging the finish of your MINI. Simply shake the brush of your car duster to clean – no rinsing necessary! Custom storage bag with velcro closure.

NMA1042 Reg. \$19.95 **\$17.95**

DIGITAL TIRE PRESSURE GAUGE

Tire pressure is a critical factor in your motoring experience. Go digital with this gauge; features LCD readout, built-in recalibration feature, and of course, a MINI logo.

NMA7660 **\$29.95**

SUNROOF WIND DEFLECTOR

If you're tired of the wind noise when your MINI's sunroof is open, here is your solution. This wind deflector is designed to smooth air flow to minimize wind noise. This high quality wind deflector is contoured to fit your MINI's roof line just right! Easy installation with no tools necessary.

GLOVE BOX ORGANIZER

The MINI Cooper glove box provides easy access and adequate space; however it is difficult to organize the contents due to its shape. Our glove box organizer doubles the usable space with its simple but ingenious

design. Five separate compartments up to 10 inches wide organize items of all different sizes, including the MINI Cooper Owners Manual, and prevent them from falling out when the glove box door is opened. Unique one-piece design allows for simple installation with no tools required. Fits Cooper and 'S', 2002-2006.

NMI4101 Reg. \$34.95 **\$32.95**

CENTER CONSOLE ORGANIZER

The center console area of all MINIs is indeed an elegant switch holder but also has a lot of wasted space. Built to look like a factory high class option, our console organizer provides space to hold anything from cell phones and wallets to your sandwich for lunch. Easy to install with no permanent modifications required.

NMI4102 2002-2004 models, Reg. \$59.95 **\$49.95**

NMI4105 20025-2006 models, Reg. \$39.95 **\$29.95**

IRIDE GLOVE BOX ORGANIZER WITH IPOD DOCK

Now you have a convenient way to secure your iPod® in your MINI with the new iRide™ docking system for iPod from Autorganizers and TEN Technology. Many car owners have integrated their docking iPod into the factory stereo but leave the iPod itself just dangling or, worse yet, thrown into the glove box. Now the iRide Glove Box Organizer gives you a plug-in docking feature that makes transferring your iPod® from house to car easier than ever.

The iRide Dock comes with one sleeve for the model of docking iPod of your choice. Additional sleeves (shown at right) are available separately to accommodate "multi-Pod" families. iPod not included.

APPLE IPOD INTERFACE ADAPTER KIT

Created exclusively for MINI, this Apple iPod® adapter lets you play uncompromised audio right from your iPod using your MINI's stereo controls. On top of that, your MINI powers your iPod and recharges the batteries while

you're driving. This is a factory option; if you did not order your MINI to be iPod-equipped, you can add the wiring now! Device connector can be located in the glovebox, or better yet plugged into our NMK2201 iRide iPod dock and glovebox organizer. Professional installation recommended; view instructions on our website.

NMI4405 **\$169.95**

INTERIOR CONVENIENCE KIT

Get the best of all worlds for the interior of your MINI. Our glove box organizer (NMI4101) is the ultimate in convenient storage, our center console organizer (NMI4102) converts wasted space into quick and easy storage, and our padded center armrest (NMI4016) makes driving more comfortable and adds even more storage area. The Convenience Kit includes them all! Choose from armrest color options and model years, with selected options on sale!

VIEW OPTIONS AT NMK2000 **From \$210.00**

ULTIMATE ARMREST

This comfortable armrest is easy to install and looks great in your MINI Cooper. It is easily attached to the center console while still offering easy access to the handbrake. Retractable pad with a small storage compartment beneath. Compartment houses a retractable cup holder, and the entire armrest assembly can be

'flipped up' out of the way when not in use. The design allows for easy access to the emergency brake handle. Choose from charcoal or black leather and black or silver base. Fits 2002-2006 Cooper and 'S'. Reg. \$169.95.

NMI4016/BLK Black pad, Black base **\$149.95**

NMI4017 Charcoal pad, Silver base **\$159.95**

NMI4017/BLK Black pad, Silver base **\$149.95**

SEAT MOUNTED ADJUSTABLE ARMREST

Perfect armrest position and angle no matter what your seat position! This Swedish seat mounted leather armrest with storage and adjustable rake. This means you have a perfectly positioned armrest regardless of seat position – something you don't get with the console mounted armrests. This is the only armrest we know of that leaves cup holder and console area between the seats untouched.

Designed to be fitted to the right side of the drivers seat, it moves with the seat and flips up for access to the handbrake, and it also provides handy extra storage. This armrest allows for the user to easily change the rake angle of the armrest to be consistent with seat back position.

A unique mounting bracket attaches directly to the seat frame underneath the upholstery for a very secure mounting. Installation is quite simple; view the **installations instructions** on our website to see for yourself. The armrest is genuine BMW panther black leather with a silver base. This product is available for seats with and without lumbar support.

NMI4040L without lumbar support; Reg. \$299.95 **\$279.95**

NMI4040LL with lumbar support; Reg. \$299.95 **\$279.95**

COMMUTE MATE CELL-CUP

The CommuteMate™ Cell-Cup® is a must for commuters with cell phones. The Cell-Cup easily fits into your cup holder providing a secure and handy location for your cell phone, note pad and pens or pencils. Great for small and loose items! Fits standard cup holder in any vehicle.

NMI4050 **\$12.95**

NMI7615

SUN SHADE FOR REAR WINDOWS

Shades for both rear side windows in your MINI Cooper or Cooper S coupe. No hardware needed. Molded tab hooks under plastic window frame in seconds while a friction fit keeps it in position. Perfect for for a little added security or keeping the back seat cool in the summer.

NMI7615 Rear Quarter Windows, pair, reg. \$119.95 **\$110.00**

NMI7616 Rear Window **\$84.75**

EASY PULL SEAT STRAPS

Hate that long reach into the car to pull the folded down rear seats back upright? These ingenious pulls will give your back some relief. Simply remove headrest, install the pull and no reaching in! The pull straps are much easier to reach than the seats. When not in use, the straps secure themselves to the back of the seats with a small patch of velcro sewn on the back side of the strap. For all hardtop MINIs; sold per pair.

NMI4131 Reg. \$29.95 **\$24.95**

OVAL PADDED ARMREST

This economical and comfortable armrest is easy to install and looks great in your MINI. This armrest is easily attached to the center console in your choice of positions and allows easy access to the handbrake. The top quality vinyl covered charcoal color armrest pad is comfortable and durable. Hardware is included. No drill, no tool installation is simple & fast; hardware is included. Fits 2002-2006 Cooper and S models, including the Cabrio.

NMI4035 Reg. \$54.95 **\$24.95**

CUSTOM FIT DASH COVER

Our Custom Fit Dash Covers made of polycarpent material look great, fit perfectly and protect your dash from sun damage while eliminating reflective glare. For MINIs 2005-2006 with automatic climate control (sensor provision).

NMI1005BL Black, Reg. \$44.95 **\$39.95**

FLOOR MOUNTED CUP HOLDER

Here is an innovative new solution to replace the factory cup holders! Designed specifically for the interior of the MINI, this cup holder will hold anything from a 12 oz. soda can to a Big Gulp, yet the flexible design allows placement to suit your preference. Simply slip the base plate of the cup holder under the edge of your driver's or passenger's floor mat and you're done!

NMI4103 Reg. \$24.95 **\$22.95**

UNIVERSAL CUP HOLDER

Created by the Fischer Company, this universal Folding Cup Holder addresses the lack of a large forward cup holder. Easily installed and folds flat when not in use.

NMI4303 Reg. \$19.95 **\$16.95**

These are the ultimate all weather front floor mats. Made of heavy weight rubber, the unique ribbed pattern will trap rocks, mud, and moisture. They can be quickly cleaned and returned to service. Trim to fit; oversized freight charges may apply.

NMI1040B Black **\$69.95**

FOUR-PIECE FLOORMAT SET

Upgrade your factory Floor Mats to our premium quality Floor Mats. High density nylon yarn, nylon velour edging, and pure rubber backing insure your mats will look good as you motor into the future. Black, fits Cooper; does not fit Cabrio.

NMI1020 **\$119.95**

OEM RUBBER FLOOR MATS

Just like your MINI, these mats provide the perfect combination of style and function. A distinctive circular pattern and MINI logo look great, and the vertical grids funnel and retain moisture to improve footing, especially when motoring in mud or snow. Matching rear mats and boot mat are also available (not for Cabrio). In Beige, Black and Grey; selected styles on sale!

NMI7605 Front mats, pair; reg. \$64.95 **From \$59.95**

NMI7606 Rear mats, pair, reg. \$44.95 **From \$42.50**

NMI7607 Boot Extension mat, reg. \$89.95 up **From \$84.95**

NMI7608 Boot mat, reg. \$64.95 **From \$59.95**

NMI7611 Rear mat set for Cabrio, reg. \$44.95 **\$39.95**

VISOR-MOUNTED CD HOLDER

Holds six discs safely and at your fingertips. Fits all MINIs.

NMI7634 Reg. \$16.95 **\$14.95**

OEM SEAT COVERS

Protect your original front seats in style with these OEM Panther Black stretch-resistant covers. Designed with safety in mind, these are the only covers available that accommodate and work in conjunction with the MINI's seat-mounted airbags. Select Left (driver's) or Right (passenger's) position, for either Standard or Sport seats. Front seat covers fit Cooper and 'S', 2003-2004; rear cover fits 2002-2004 coupes with split rear seats.

NMI7656 THRU NMI7659 Front **\$139.00**

NMI7660 Rear **\$245.00**

STAINLESS HATCH STRUT COVERS

The rear hatch on all new MINIs is indeed a very clever design and it is great to have total access through the rear of the car. BUT, the struts that hold the hatch open are big and could use a bit of dressing up. These chrome covers simply slip over the body of the strut to make them stand out!

NMA4031 **\$29.95**

CG LOCK SEAT BELT TENSIONER

Make your seatbelt racing harness tight! The CG-Lock tightens the lap belt portion of your stock seatbelt to provide about 80% of the holding power of a full harness. By eliminating the sliding and bracing typical in a daily driver, you can keep your hands light on the wheel and both feet on the pedals. Car feedback is vastly improved too, allowing you to "feel" your way through the tricky spots better. The result is improved car control and faster laps.

The CG-Lock attaches to the tongue of your daily driver's existing 3-point, factory installed seat belt. Once installed, pulling up on the shoulder belt tightens the lap belt portion, keeping it as tight as you want until you release it. The shoulder harness remains unrestrained as normal for maximum arm and upper body movement. FMVSS 208 tested and SCCA legal for Solo II including convertibles without roll bars.

NMC1205 **\$44.95**

BOOT CARGO NET

From MINI, this net keeps all kinds of cargo securely in place in your boot. S-hooks included for installation.

NMA7602 Reg. \$36.95 **\$34.95**

PALO UBER MINI

THE SCOOP

Increase airflow to your intercooler by more than 147% resulting in a substantial increase in cooling – and therefore performance. The Scoop traps incoming air normally lost with the stock induction trim ring and directs the flow in a smooth continuous delivery. The Scoop designed by Palo Uber not only adds aesthetic value but is the most cost effective performance product you can add to your Cooper 'S'.

NMA1320 **\$295.95**

THE GATE GUARD

No more scratches with the Palo Uber gate guard, produced for precision fit and concourse appeal. Application time under 5 minutes. Incredibly soft yet extremely durable due to the highest grade of exterior automotive rubber. Provides years of protection with incomparable style. Fits Cooper and 'S', and can be easily trimmed to fit Cabrio.

NMA1321 Reg. \$89.95 **\$79.95**

THE LIGHT BAR

The Light Bar comes as standard equipment on the new Palo Uber Cooper 'S'. Mounts two or four driving/fog lamps. Powder-coated stainless steel bolts directly to the frame with no drilling or leveling required. Completely concealed inside the lower dam. Improves any driving condition you may encounter as well as creating an absolutely dynamic look for your MINI. Wiring harness with all connectors are included. Lights sold separately.

NMA1322 Reg. \$395.95 **\$350.00**

VENTURI HOOD SCOOP

This Venturi Scoop is a functional upgrade to the factory hood scoop, designed to force more air to the intercooler to increase efficiency thereby lowering the inlet temperature. Lower inlet temperature equals more horsepower (or fewer 'lost horsepower' due to heat). Made from plastic with a carbon fiber look. Easy installation with self-adhesive backing.

NMA1310 **\$189.95**

FRONT CHROME BONNET SCOOP

This VERY bright high quality chromed plastic bonnet scoop simply installs over the existing bonnet scoop. Fits Cooper 'S' 2002-2006 models.

NMA1100 Reg. \$119.95 **\$99.95**

AUXILIARY LAMP TRIM

Five piece set of chromed plastic accents fog lights, front turn signals, and rear backup light.

NMA1037 for 'S', shown above, Reg. \$69.95 **\$64.95**

NMA1235 for Cooper, Reg. \$44.95 **\$42.50**

CHROME A/B/C PILLAR POST COVERS

If you want to look good from every angle, this is your best option. Six-piece set covers all vertical pillars with chromed plastic, looks like metal. Center portion of A-pillar has a matte-finish texture.

NMA1237 **\$69.95**

STAINLESS POLLEN BEZEL TRIM

Stainless bezels for the intake vents below the windshield, simply install with a small amount of silicone. Fits Cooper and 'S'.

NMA1000 **\$89.95**

CHROME INTAKE VENTS

These chrome plastic grilles are easy to install over the stock black units, and will work with any color MINI. Fits Cooper and 'S', sold per pair.

NMA1221 Reg. \$69.95..... **\$59.95**

DOOR HANDLE CUP INSERTS

Avoid scratching your paint when reaching for the door handle with this snug fitting door cup insert. Easy to install with no tools necessary. Chromed plastic, sold in pairs.

NMA1230 Reg. \$44.95 **\$39.95**

MULTIVEX MIRROR ATTACHMENTS

Another race-born gadget is now available for increased safety on the street. These slightly curved mirrors from Multivex present a much wider angle of view in your side mirrors. The driver's blind spot is eliminated, as a vehicle can be seen in your peripheral vision while it is still visible in the side mirror. Multivex mirrors are easily installed over your MINI's existing side mirrors with an adhesive backing system guaranteed to hold for at least five years in any climate. Sold per pair.

NMA2075 **\$79.95**

MIRROR TRIM RINGS

If you chose not to install our chrome cover for the back of the mirror, perhaps this chrome trim ring for the front of the mirror is more to your liking. Chromed plastic, sold per pair.

NMA1205 Reg. \$79.95 **\$74.95**

CHROME MIRROR COVERS

Add a shiny new accent to the exterior with these classy looking chrome mirror covers. Eye catching addition, yet blends in nicely with your other exterior chrome trim pieces. Quality design ensures an accurate fit. Fits Cooper and 'S', 2002-2006. Sold per pair.

NMA1200 Reg. \$109.95..... **\$99.95**

ROOF MOUNTED ANTENNA WINDSPLIT

Give your antenna a more aerodynamic with this Shark Fin Antenna Cover. Five-minute installation with self-adhesive tape. Antenna base only, does not include the antenna. Fits Cooper and Cooper S, 2002-2004.

NMA1264 Black, Reg. \$39.00 **\$29.95**

NMA1265 White **\$39.00**

NMA1266 Chromed plastic, shown above, Reg. \$39.00 **\$34.95**

WINDSHIELD SPRAY COVERS

Chromed plastic, priced per pair. 2002-2004 models.

NMA1019 Reg. \$32.95 **\$29.95**

CHROME SIDE MOLDING SET

If you think you have seen it all, then look again! This side trim kit looks so good it should have been included by the factory. Chromed plastic of the highest quality. Easily fixed in place with double back tape.

NMA1241 Reg. \$179.95 **\$149.95**

STAINLESS MESH INTAKE GRILLES

The earlier models of the MINI have dull looking 2-piece black plastic air vents just below the windshield. Our stainless mesh grilles replace

the stock center piece and snap into the factory rim. The stainless material will not rust and adds a chrome look. Sold in pairs. Fits 2002-2003 models.

NMA1067 **\$159.95**

STAINLESS MESH GRILLES

Replace the black mesh grilles on your Cooper 'S' with these easy-to-install stainless steel grilles. Reg. \$119.95.

NMA1101 Rear Grilles, pair **\$99.95**

NMA1104 Front grille **\$99.95**

MIRROR COVER SETS

The large side view mirrors of your MINI offer a great opportunity to make a statement! These simple to install mirror covers are held in place with double backed tape; they fit perfectly, protect the stock mirror, and look fantastic! Reg. \$117.95.

NMA1250 Union Jack **\$99.95**

NMA1253 Checkered Flag **\$99.95**

DRIVING LIGHT COVERS

Here is an economical option to protect your factory driving lights! Lightweight plastic covers with the MINI name will snap on and off easily, yet fit securely. Sold per pair.

NMA1259 **\$21.95**

DECORATIVE DRIVING LIGHT COVERS

The best way to protect your factory driving lights during the day is with these stylish plastic covers. Attach to the factory driving light covers, giving your lights a new look!

NMA1261 Chromed, Reg. \$59.95 **\$54.95**

NMA1262 Union Jack, Reg. \$69.95..... **\$64.95**

MAGNETIC BONNET STRIPES

Now you can change the personality of your MINI to suit your mood! These high quality removable magnetic bonnet stripes from Magna Guard have undergone two years of testing in extreme weather and at speeds of 120 miles per hour. Made of 0.030" magnetic vinyl, they are precut to fit all models of the MINI, and can be removed, swapped, waxed etc. at your discretion. Available in solid white or checkered flag design.

As with any product used on the finish of your car, take extra care that the bonnet is very clean and free from dust and dirt before application. Remove if the car gets wet for drying - reinstall when everything is dry and clean.

NMX4074 White, Reg. \$29.95 **\$26.95**

NMX4075 Checkered Flag, Reg. \$32.95 **\$29.95**

CROSS-HATCH SIDE VENT TRIM

These chromed plastic side vents are a direct replacement for the stock units; easy installation. Sold per pair. Lens and light not included.

NMA1239 **\$49.95**

'SHARK GILL' SIDE VENT TRIM WITH LIGHTS

Transform the look of your MINI with this stylish kit. Pair of chrome side vent grilles complete with clear side vent repeater lenses and orange bulbs. Fits Cooper and 'S', 2002-2006.

NMA3032 Reg. \$129.95 **\$124.95**

LOWER BOOT LID TRIM

Protect your boot hatch edge from nicks and scratches and look good doing it! Chromed metal with self-adhesive strips.

NMA1102 Reg. \$109.95 ... **\$89.95**

REAR BOOT TRIM

Chrome plastic license plate surround and boot lid trim look like metal. Sold separately, but look great together. Photo shows both items; NMA1233 is the upper edge trim below the MINI logo.

NMA1232 License plate surround, Reg. \$69.95 **\$59.95**

NMA1233 Boot lid trim, Reg. \$49.95 **\$46.95**

STORMSHIELD CAR COVER FOR HARDTOPS

'Stormshield' from Coverking is an all weather fabric, and one of the few we recommend for snow or icy conditions for any MINI. The ultra light weight of this modern high tech laminated polyester knitted fabric makes it easy to install and store,

and yet is absolutely the best in the industry. This cover provides the ultimate protection from sun, rain & snow, and also provides superior protection from lighter weather. Fits over the factory driving lights. Does not fit Cabrio, see NMA1008.

NMA1001 Grey, Reg. \$199.95 **\$179.95**

NMA1001R Red, Reg. \$199.95 **\$189.95**

STORMPROOF CAR COVER FOR CABRIO

Here is the Coverking cover for your Cabrio! 'Stormproof' is the ultimate all-weather fabric. It is UNCOATED and UNTREATED, meaning it will have the same protective properties after years of use. Stormproof feels like an expensive golf jacket, yet is tested to be the MOST

WATER RESISTANT, and because there are no coatings it is the MOST BREATHABLE Fits over the MINI factory driving lights. Available in grey only.

NMA1008 Cabrio only, Reg. \$199.95 **\$179.95**

COVERBOND 4 COVER FOR HARDTOPS

This cover from Coverking is made of Coverbond 4 which is a four layer breathable and water resistant material. The extra thickness of the cover provides extra protection from minor nicks and dings, and even light hail. Suggested for moderate weather or indoor use. Available in grey only.

NMA1004 Reg. \$124.95 **\$119.95**

TYVEK CAR COVER FOR HARDTOPS

Coverking's custom fit Tyvek® cover offers good protection with a lightweight, tough, and very water resistant material developed by DuPont. The white fabric does a great job of protecting the paint and keeping your MINI's interior cool.

Inherently water-resistant, Tyvek covers block out nearly twice as much water as other covers. Equally important in today's environment, these covers also protect against acid rain – a leading cause of paint deterioration. Tyvek covers block 99.8% of the sun's rays so your MINI's exterior and interior will continue to look like new. Your interior will also stay 30 degrees cooler than with other covers.

Weighing about 2.5 pounds, this cover is less bulky and easier to handle and store than other covers. Does not fit Cabrio.

NMA1003 **\$99.95**

MINI PRINT CAR COVERS

These are the most exciting MINI car covers we've seen!

The covers are fabricated and printed to look just like a red or charcoal grey MINI Cooper S with bonnet stripes and a Union Jack flag on the roof. The headlights and taillights are actual photographs with full detail. The whole cover looks great! So does the included matching velcro closure storage bag with handles.

The covers' graphical images are made using "Image-Fast", an exclusive fabric and image application process yielding no feel or texture to the cover's graphics.

Stock on hand only in time for Christmas. Backorders can be slow!

The bright colored, detailed graphics are fade and wear resistant. The fabric is an ultra fine denier knit that is smooth "plate finish" on the outside and ultra-soft "brushed" on the back to protect your MINI. The fabric stretches, and unlike Spandex or Lycra, will not wear out or loose recovery. An anti-microbial finish resists mold and mildew, and a special UV coating resists fading. Machine washable; normal recommended laundering will not fade, pill, or shrink the fabric. Not intended for long term protection from inclement weather. Does not fit Cabrio.

NMA2061 Charcoal..... **\$379.95**

NMA2063 Red **\$379.95**

UVS SUN SHADE

Keep your MINI Cooper interior cooler and protect your investment. This insulated and reflective UVS-100 Sun Shade is custom fit for your new Mini Cooper and MINI Cooper S (with MINI logo) and folds easily for storage. Storage bag included.

NMA1009 Reg. \$59.95 **\$54.95**

SUN SHADE

Our Custom Fit Sun shield (shade) will keep your MINI Cooper or MINI Cooper S interior cooler and help protect the MINI Cooper dash and interior from sun damage. Easy to use with sewn-in Velcro straps for easy storage.

NMA1010 Reg. \$34.95 **\$32.95**

CAR COVER LOCK KIT

Keep your new Car Cover secure on the car with this Lock and Cable Kit. Easily fits through the grommets built into the sides of your car cover. Includes lock with 2 keys.

NMA1005 Reg. \$9.95 **\$8.95**

PIAA SUPER SILICONE WIPER BLADES

PIAA's Super Silicone windshield wiper blades contain an activated silicone coating which causes rain to simply bead up and slip off your windshield. The high quality silicone rubber wiper blade is resistant to heat, ozone, and UV for an extra-long life and smooth, quiet operation. Windshield wiper frames are powder coated and balanced to provide equal pressure along the entire length of the blade.

The driver's and passenger's side wipers are different lengths on the MINI: the driver's side is 18" and the passenger side 19". You can order both together as a set with Item NMK4015. You'll use Adaptor C1 (included) to fit your MINI.

We like these excellent blades so much, we're offering them in all available lengths from 17" to 22" to fit your "other" car. If you're like us, you'll try them on your MINI and then order a set for the SUV because they work so well! So, go get the tape measure and see which wipers you need. We'll wait. Oh, and don't forget, these are sold individually, so you'll need two.

- NMK4015** Set of 2 (18" and 19") for MINI **\$46.95**
- NMA3015-12** Single blade, 12" **\$18.95**

- NMA3015-20** Single blade, 20" **\$24.95**
- NMA3015-21** Single blade, 21" **\$24.95**
- NMA3015-22** Single blade, 22" **\$24.95**

OEM WIPER BLADE SET

Factory replacement wiper blade set includes both driver's and passenger's side wiper blade assemblies that include the aerofoil to help keep the wiper firmly planted on the windshield at speed. Generic replacements don't have

this feature; the engineers at MINI added this aerofoil for a reason - keep it original!

- NMK3119** Reg. \$32.95 **\$29.95**

OEM REAR WIPER BLADE REPLACEMENT

The unique and 'clean' design of the MINI rear wiper blade is a good reason to go with the factory original. Check the sticker on the drivers side door jamb for your MINI's production date.

- NMA3019** up to 7/04 **\$14.95**
- NMA3020** 7/04 and later **\$14.95**

3-PIECE OEM WIPER BLADE SET

Get all three OEM blades described above - two front and one rear - in one handy set!

- NMK3120** up to 7/04, reg. \$44.95 **\$42.50**
- NMK3121** 7/04 and later, reg. \$44.95 **\$42.50**

CABRIO WIND DEFLECTOR SCREEN

If you own a MINI Cabrio, this product is a must have! The MINI wind screen will dramatically reduce wind turbulence in the cockpit when the top is down. Have a conversation without raising your voice and minimize 'wild hair'! Conveniently folds in to a quality carrying case for easy storage. Installation takes less than a minute and simply snaps into place. Once you drive with this wind screen, you'll be glad you made the investment. Fits Cooper and 'S'.

- NMA7638** Reg. \$479.95 **\$425.00**

ULTRIK COMPACT ANTENNA

The original and still the best MINI Cooper Stubby Antenna, **ULTRIK** brings performance and improved appearance for your MINI with their billet compact performance stubby antenna mast.

This shortened antenna adds a simple but stylish touch to your MINI that will enhance the look and maintain radio reception quality. Only 2 5/8 inches tall, this antenna is designed to taper perfectly with the base. The sturdy compact anodized billet aluminum stubby antenna simply screws into your MINI Cooper's existing antenna mount. Base shown is for display purposes only.

Fits 02-06 models including Cabrio, NOT equipped with the navigation system.

- NMA7500** Reg. \$24.95 **\$19.95**

ANTI-THEFT AERIAL ANTENNA KIT

Elegantly simple! This sleek aerial adds a touch of color to the roof of your MINI. Unique anti-theft design means you'll have it longer, yet the antenna is still removable for the occasional drive-through car wash. Anodized aluminum trim with stainless steel rod; approx. 7 inches long. Available in black, blue, red and silver colors. Not for MINIs with Navigation system.

- NMA7501** Red **\$29.95**
- NMA7502** Black **\$29.95**
- NMA7503** Silver **\$29.95**
- NMA7504** Blue **\$29.95**

ANTENNA BEZEL & WASHER COVER SET

It's all in the details! This simple but great looking set of chromed plastic washer jet covers and antenna bezel is easy to install and worth the very little effort. Works with standard stereo antenna (without navigation system). Cooper and 'S', 2002-2004 models.

- NMA1240** Reg. \$27.95 **\$26.95**

PIAA DRIVING LIGHT KIT

Factory style driving lights, but better and less expensive! Both the OEM and PIAA lights have a case diameter of 5 inches. However the lens on the MINI driving lights is 4 inches, while the PIAA is 5 inches, providing better visibility.

Kit includes a pair of black 540 Xtreme White driving lights, two mounting brackets, removable stone guards, wiring harness, relay, switch and mounting hardware. Driving lights are on when normal headlights are on, and can be turned off with

the switch provided in the kit. DOT legal for on-road use, direct replacement for OEM. Fits Cooper and 'S', 2002-2006.

NMA3022 **\$299.95**

OEM DRIVING LIGHTS

Mini Mania offers the genuine factory Rally Light option, complete with 2 driving lights and all the needed mounting hardware, wiring and switch to upgrade your new Mini to the rally look. The chrome case is 5" in diameter with a 4" diameter lens. Fits Cooper and 'S', 2002-2006.

NMA3030 **\$397.95**

EXTERIOR LAMP COVERS

Protect your expensive headlights with these easily installed light covers. The optically clear covers stay soft to absorb most impacts from stones and gravel and fit perfectly. Also includes covers for the front turn signals, fog lamps, and even the optional driving lamps. Fits 2002-2006 Cooper and 'S', with or without factory headlight washers.

NMA3012 with washers, Reg. \$49.95 **\$44.95**

OEM MAGNETIC STONE GUARDS

Protect the leading edge of your rear fender from all the debris from the front tires. Made of a sturdy magnetic plastic for easy application.

NMA7661 Reg. \$49.95 **\$44.95**

ULTRIK SKID PLATE / SUMP GUARD

Even a stock MINI is fairly low to the ground, and when you install lowered springs or low profile tires you should absolutely protect the bottom of your drive train. A serious driver should consider the **ULTRIK** Steel Skid Plate for the ultimate protection. It attaches in the stock location but also extends further back than the stock plastic shield, to protect the very vulnerable power steering cooling fan which is exposed under the car. Powder-coated steel, weighs 22.5 lbs, Fits Cooper and 'S' 2002-2006.

NMA3041 **\$109.95**

FLASH2PASS™ GARAGE DOOR OPENER

Open your garage door or gate by flashing the brights on your MINI twice in succession. Eliminate the garage door opener remote from your car and never fumble around looking for it!

The Flash2Pass™ consist of the new, second generation, patented Flash2Pass™ transmitter installed

your MINI, and its corresponding receiver installed in your garage. A double flash of your headlight high beams opens or closes your garage door. The digitally encrypted signal and rolling code technology gives you the ultimate in security, and keeps strangers out of your garage. Up to six transmitters may be used to operate a single receiver, and additional receivers may be installed elsewhere and programmed to your Flash2Pass™ equipped vehicle. A small one-time investment gets you the maintenance free system, with no remote transmitter to get lost or stolen. Flash2Pass™ gets its power from your car, so you will never need to replace any batteries. Works with cars, motorcycles, tractors, and riding mowers with 12v electrical systems, and virtually any garage door opener manufactured since 1982 (not included); quick and easy do-it-yourself installation.

NMA2200 **\$99.95**

JCW ROOF SPOILER

A functional rear spoiler that looks great and gives your MINI the 'sporty' look. Razor-sharp lines make the car even more striking to look at, and even more fun to drive, thanks to the improved road-holding that results

from the enhanced aerodynamics. Every detail is designed to captivate onlookers and drivers alike. Available in White or Panther Black; fits Cooper and 'S', 2003 - 2006 models.

NMA7651 White **\$650.00**

NMA7652 Panther Black **\$568.00**

JCW CARBON FIBER REAR HATCH HANDLE

NMA7655 **\$168.00**

REAR BUMPER STEP COVER

Black plastic strip protects the bumper of your MINI against scratches during loading and unloading of the boot. Fits Cooper and 'S', not for Cabrio.

NMA7640 Reg. \$49.95 **\$46.95**

ULTRIK MOBILITY KIT

The run-flat tires on your MINI are very heavy, not always repairable and extremely expensive to replace. If you want to switch to conventional tires but are afraid of getting stranded with a flat, here's the answer. The **ULTRIK** Mobility Kit contains a 12v compressor and tire sealant. Simply fill the tire with sealant, re-inflate with the compressor and motor on to the

nearest location that can repair the tire. This type of kit is standard equipment on some BMW models. Fits out of sight in the rear fenderwell storage compartments.

NMA4015 Reg. \$59.95 **\$54.95**

MAINTENANCE STARTER KIT

This great kit provides some of the basic things you will need to get started with both understanding and maintaining your MINI Cooper or 'S'. Includes very useful OBD II Code Reader/Reset Tool (NME4020) that reads all engine fault codes and resets service lamps. Also included is the latest Haynes MINI Workshop Manual (4273), two oil filters (NME1050), an oil drain plug with seal, and the hard-to-find oil filter wrench (NME1051).

NMK1077 Reg. \$214.95 **\$199.95**

OIL BAG

For a little 'peace of mind', use this quality oil bag to safely carry that extra quart of oil in your MINI. Made of heavy duty nylon canvas with a plastic liner to prevent any unintended leaks. A standard plastic quart bottle fits perfectly. The bag comes with two pairs of disposable plastic gloves to keep your hands clean when adding oil. Velcro strips on the outside keeps the bag secured to Velcro compatible surfaces. Oil not included.

NMA4030 Reg. \$14.95 **\$12.95**

OIL FILTER, FILTER WRENCH & DRAIN PLUG KIT

Now you can do routine oil changes on your MINI Cooper or 'S'! This convenient kit includes a hard-to-find 3/8" drive oil filter housing wrench (see NME1051, two new oil drain plugs with gaskets (see NME1052), and two genuine BMW MINI Cooper & S oil filters (see NME1050). MINI recommends 5W-40 or 5W-30 FULL SYNTHETIC motor oil.

NMK1076 **\$45.95**

MINI ENGINE SCAN/RESET TOOL

Wouldn't it be great to know exactly what's wrong before you bring your MINI in for a repair? or better yet, run your own diagnostic and fix the problem yourself! The MINI Scan/Reset tool reads all engine fault codes, and resets

service lights and the maintenance mileage countdown indicator. **Indispensable for mechanics and MINI owners.** Works with Cooper and Cooper 'S' from 2002-2006, includes instruction manual, code chart, and storage case.

NME4020 Reg. \$149.95 **\$139.95**

OIL FILTER WITH DRAIN PLUG & SEAL

Original Equipment Oil Filter with 'O' ring, and drain plug with sealing washer. Factory manual recommends replacing the sealing washer when changing the oil. Since the washer is not available separately from the drain plug, we've created a convenient kit to include the filter with drain plug and sealing washer. Fits Cooper and 'S'.

NMK1078 Reg. \$14.95 **\$12.95**

EXTENDED REACH SPARK PLUG SOCKET

Use this six point 5/8" deep well spark plug socket to reach the spark plugs on your MINI Cooper or 'S'. 3/8" drive, 5"

long with rubber insert. This tool will also work on cars with high performance camshafts where the spark plug tubes have been properly "clearanced" to eliminate lobe peak interference.

NME1053 **\$12.95**

OIL FILTER ELEMENT

Original Equipment Oil Filter. Fits Cooper and 'S', 2002-2006 models.

NME1050 **\$9.95**

OIL FILTER SOCKET

36mm 3/8 drive Socket for removing Oil Filter Cartridge. Fits Cooper and 'S'.

NME1051 **\$19.95**

REAR BRAKE CALIPER RETRACTION TOOL

When replacing the rear brake pads, it is necessary to retract the piston in the caliper to make room for the new pads. The piston in the rear caliper

on the MINI needs to be 'rotated' as it is retracted - which is easily accomplished with this special factory tool. This tool ensures the right amount of turn as the piston gets retracted.

NMB2990 **\$199.95**

OIL DRAIN PLUG WITH SEALING RING

When changing the oil in your MINI, the factory recommends that you replace the sealing washer, which is part of the drain plug. Torque the drain plug to 18 ft-lb.

NME1052 **\$5.95**

BLUE FLAME TWIN OVAL TIP EXHAUST

Left/right dual exhaust on an Mini Cooper S? Unheard of! But it does exist. And we've got it.

The Blue Flame Twin 6X4 oval exhaust is made in the UK. This unique Cat-back Twin Oval exhaust with pre-silencer and center silencer **includes a valance panel** with cutouts in the proper locations for the beautiful polished large oval exhaust tips. The valance panel clips on just like the stock panel. Accessible inside each muffler tip is a removable "dB killer" insert held in place by a circlip. The

real accomplishment of this system is that the free flow design exhaust system increases horsepower while quieting the exhaust note. Uses factory mounting points for simple installation and stainless steel for excellent durability. Cooper 'S' including Cabrio; ships with hangers suitable for 2002-2006 model years.

NME1034 Reg. \$899.95 **\$795.00**

BORLA CATBACK EXHAUST

Built of aircraft-quality T-304 stainless steel with dual 3" chrome tips, the Borla Cooper S Cat Back system is a great upgrade from the factory MINI Cooper unit. Simple slip-fit design for ease of installation. Borla quality exhaust system with low noise level and good tone.

NME1020 '02-'03 Cooper 'S' **\$954.99**

NME1018 '04 and later S' incl Cabrio, Reg. \$929.99..... **\$833.88**

BLUE FLAME EXHAUST HEADER

The Blue Flame Enhanced Performance Exhaust Header is equipped with a metal high flow catalytic converter especially designed to better withstand the rigors of highly tuned supercharged engines. This unit improves the performance of your MINI Cooper most noticeably in the mid RPM

range, with a very measurable increase in torque. The Blue Flame exhaust header improves HP from about 4300 RPM and torque from about 3800 RPM.

Made of polished stainless steel, with 4 into 2 into 1 design, this header features equal length primaries and is threaded for oxygen sensors.

Easy to install as a direct replacement for the stock unit with no modifications necessary, which means it can be installed for a weekend of performance driving and then removed just as easily. Fits Cooper and Cooper S. For off-road use only. Not to be used with track racing fuel.

NME1105 Reg. \$995.00 **\$795.00**

POLISHED ALUMINUM RADIATOR RESERVOIR

Replace your leak prone plastic radiator reservoir tank with this polished aluminum version. Attractive and durable beyond belief, this new addition will brighten up your engine bay! Fits Cooper 'S'.

NME2040 Reg. \$225.00 **\$215.00**

RADIATOR RESERVOIR CAP COVER

This chrome cap cover simply slips over the factory plastic cover. Cooper 'S' only.

NMA1271 **\$26.95**

ENGINE BAY ACCENTS

These caps are made in copper, hand polished, and then chrome plated. They will never pit or rust, making a nice finishing touch under the bonnet of your MINI.

POWER STEERING RESERVOIR CAP COVER SET

The base portion of this two-piece set covers the top half of the power steering reservoir bottle; the smaller cap slips over the factory cap. The center of the cap is open so the factory green wording shows through. Shown with nut covers, not included.

NMA1276 **\$44.95**

STRUT TOWER CHROME CAP COVER SET

This nice chrome cover slips over the strut opening. Made in copper, hand polished and then chrome plated for a lasting shine. These covers complement the strut nut covers (NMA1275). Only fits cars equipped with the sport suspension option.

NMA1270 **\$39.95**

ENGINE OIL CAP COVER

The center of the cap is open so the factory yellow wording shows through. Fits Cooper and 'S'.

NMA1274 **\$24.95**

BOOST UPGRADE KIT

Get immediate results with this 2002 - 2006 MINI Cooper S boost upgrade kit. Includes the pulley upgrade kit, ECU software upgrade optimized for the pulley upgrade, and a set of cooler plugs to help prevent early detonation. Customers have reported 25 to 30HP increase over stock! Not only does

this kit deliver increased peak horsepower and torque, but also improves off-the-line performance, smoother acceleration, better throttle response, and an overall improvement in driveability. The UNICHIP ECU upgrade in this kit includes software optimized for a cold air intake and pulley upgrades. If your MINI has other mods, please specify them at the time of order so we can provide you with the appropriate software mapping.

NMK1049 Reg. \$895.00 **\$795.00**

NGK IRIDIUM SPARK PLUG SET WITH SOCKET

This special kit includes 4 of the NGK Iridium IX high performance spark plugs and a special 5" deep socket to make installation simple and painless. The NGK plugs are rated a step cooler than stock in the MINI and feature a .6mm iridium center electrode for superior ignitability without

sacrificing durability. The tapered ground electrode of the spark plug increases flame kernel expansion, while the superior heat range design is ideally suited to the demands of high performance MINI Cooper S environments. Spark plugs come pre-gapped, but should be checked for .035" gap before installation. Sold individually.

Use this six point 5/8" deep well spark plug socket to reach the spark plugs on your MINI. 3/8" drive, 5" long, and equipped with the expected rubber insert. This tool will also work on cars with high performance camshafts where the spark plug tubes have been properly "clearanced" to eliminate lobe peak interference.

NMK1071 Reg. \$69.95 **\$59.95**

SPARK PLUGS AND WRENCH KIT

Set of four NGK BKR7EKU replacement spark plugs for the MINI Cooper S with the pulley upgrade. 'Cooler' temperature rating than stock. 14mm, 3/4" reach, 2 ground electrodes. This kit includes the special 5/8", 5" deep socket that makes replacement a snap.

NMK1079 Reg. \$34.95 **\$32.95**

IRIDIUM SPARK PLUG & SOCKET SET WITH PLUG WIRES

Here is our popular Iridium plug and socket set (NMK1071) with a little something extra! The spark plug wires have 8mm spiral core with silicone jackets and premium factory style plug connectors. These high quality spark plug wires are designed to for 'optimum' performance (850 ohms per foot).

NMK1083 Reg. \$110.00 **\$99.95**

SELF-ALIGNING 15% SUPERCHARGER PULLEY KIT

Get more POWER from your Supercharged MINI Cooper 'S' with the effective, economical and lightweight ULTRIK 3-piece self-aligning supercharger pulley upgrade system with belt.

A 15% reduction in the supercharger pulley diameter of the MINI Cooper S increases the boost of your MINI Cooper S by more than 4 pounds, resulting in a dyno-measured gain of over 20 horsepower AT THE WHEELS. Maximum boost is achieved at lower RPM, giving more power in the mid-range of your MINI Cooper S.

- ♦ Unique 3-piece self-aligning design delivers superior clamping force, and doesn't pull back from the stop when tightened like 2-piece designs.
- ♦ The new built in stop locates the pulley in the proper position, simplifying installation.
- ♦ Optimum 15% reduction avoids over-spinning supercharger and excessive intake charge heat generated by smaller pulley upgrades.
- ♦ Includes correct length belt for proper tensioner operation.
- ♦ Lightweight design with low rotational mass spins up faster than heavier steel pulleys.

NME5041 Reg. \$139.95 **\$129.95**

LIGHTWEIGHT CRANKSHAFT PULLEY

Performance gains through reduction of rotational mass in the engine is a tried and true concept. Even small changes contribute to overall performance gains.

This lightened crank pulley for the MINI Cooper S is CNS-machined from premium 6061-T6 aluminum billet, and maintains the stock diameter of the MINI Cooper while losing about 75% of the stock weight. At just 22 ounces, the reduced rotational weight of this lightweight pulley has shown increases in horsepower and torque across the entire RPM range (with maximum gains at 4000 rpm). The stock diameter of this lightweight crankshaft pulley does not affect reliability and does not contribute to increased wear, vibration or noise.

NME5030 Reg. \$209.95 **\$189.95**

ULTRIK HIGH PERFORMANCE CAMSHAFT

Ground to Mini Mania's exacting specifications by a selected major OEM camshaft supplier, this high performance camshaft increases horsepower and torque throughout the RPM range. Similar performance to the Schrick camshaft at a lower cost. The camshaft can be used with the stock or ported cylinder head and stock valve springs. A great way to improve performance without disassembling the motor – a difference you can feel! Professional installation is recommended. Fits Cooper 'S'.

Intake: Duration 264, Lift 9.5mm, overlap 0.5, peak timing 114, open at 18, close at 66.

Exhaust: Duration 272, Lift 9.0mm, overlap 0.65, peak timing 114, open at 70, close at 22.

NME6045 Reg. \$399.95 **\$359.95**

**UNICHIP UNI-Q
ECU UPGRADE**

UNLEASH the full potential of your MINI Cooper and MINI Cooper S with the new UNI-Q! Mini Mania introduces the UNICHIP software upgrade kit that optimizes your MINI Cooper S for MAXIMUM PERFORMANCE. The stock MINI Cooper S software provides a

factory balance between efficiency and performance for the average MINI owner. For the performance minded MINI owner, the Unichip upgrade shifts this balance towards performance by re-mapping the software and greatly increasing the sampling rate, all without sacrificing reliability. **Multiple maps are available to match the level of modifications on your MINI.** Unichip is designed to work with the stock factory ECU software. For Cooper 'S', 2002-2006. On sale, regularly \$800.27.

MINI MANIA PLASMA BOOSTER

The Plasma Booster's added spark current produces additional horsepower, torque and better fuel economy, with complete integration to the MINI's computer system. Tests have shown a 4 HP gain and 10% increase in fuel economy.

The Plasma Booster™ is a revolutionary Ignition component to enhance existing INDUCTIVE type ignition systems from distributor ignition to single coil applications and everything in between, including waste spark ignition.

- Easy to install.
- 100% secondary current (Spark Amperage) increase
- 4 Times Spark Energy Increase for the initial spark discharge
- Compatible with all OEM components
- Compatible with OBD-II (On-Board-Diagnostics)

Installation takes only minutes with no special tools. For Cooper and 'S'.

NME4110 Reg. \$269.95 **\$249.95**

**ULTRIK INTERCOOLER
BELLOWS UPGRADE KIT**

Eliminate the chance of a boost leak from your factory intercooler bellows. The stock bellows connects the intercooler to the plenums and works well under stock boost.

Increasing the boost with a pulley upgrade greatly increases the stress on the bellows. Just have your partner blip the throttle while you watch your stock bellows and you will see. Under spirited driving conditions, it is possible for the stock bellows to work loose causing a leak – creating havoc with the computer trying to maintain equilibrium.

Our 3-ply heavy duty Silicone Bellows upgrade kit replaces the stock bellows with a much more rigid and durable set. Works with the stock clamps. Actual color may vary depending on supply.

NME5006 Reg. \$29.95 **\$24.95**

**MSD IGNITION COIL
PACK UPGRADE**

When it comes to late model performance parts, nothing beats bolt-on and direct connection components, especially when they improve performance with a hotter spark like these new MSD Blaster Coils. These new bolt-in coils are designed with improved materials

and windings to produce a stronger spark to help burn the fuel mixture more efficiently, resulting in a smooth idle and improved mid-range RPM power. We recommend upgrading your plug wires when you install this coil pack. This coil pack uses flat connectors into the factory wiring. For Cooper and 'S'.

NME3021 **\$99.00**

**8MM SPARK PLUG
IGNITION WIRE SET**

These high quality spark plug wires for your MINI provide great performance and also allow you to color balance your engine compartment. This spark plug wire set has 8mm spiral core wires with silicone jackets and premium factory style plug connectors, and are designed to for 'optimum' performance (850 ohms per foot). Available in Black, Blue, Red, and Yellow.

NME3002 THRU NME3002Y Reg. \$44.95 **\$39.95**

**NOLOGY COOLWIRES
SPARK PLUG WIRES**

CoolWires(tm) utilize the highest quality silicone and OE terminals, guaranteeing high performance reliability and a perfect fit on your MINI. And the high temperature silicone construction makes CoolWires ideal for demanding high temperature supercharger and header applications.

Because CoolWires use spiral core technology with 300 ohms of resistance per foot, there is virtually no radio interference while providing a hotter spark to the plug. CoolWires are OBD-II compatible and feature a limited lifetime warranty from Nology. Available in red, yellow, blue and a traditional gray carbon fiber look.

NME3003 THRU NME3003Y **\$104.55**

NOLOGY HOTWIRES SPARK PLUG WIRES

Nology HotWires(tm) are the most technologically advanced ignition wires available. Engineered with an exclusive built-in capacitor which creates the most powerful spark possible, this revolutionary design allows energy from the ignition coil to accumulate in the capacitor until the

voltage at the spark plug electrodes reaches the ionization point. At that split second, the entire power of the stored spark is discharged at once, creating a spark 300 times more powerful than normal. The result is faster, more complete combustion, and most importantly, MORE HORSEPOWER for your MINI that's 100% smog legal. Available in Black, Red, Yellow and Blue.

NME3001 THRU NME3001Y **\$199.00**

ULTRIK/K&N COLD AIR INTAKE FILTER SYSTEM

The ULTRIK K&N equipped Cold Air Intake System results in cooler and more efficient air delivery to the Cooper 'S' supercharger.

The filter element in this is a reusable K&N element known for its excellent filtration, high flow characteristics, long life & outstanding manufacturer's warranty (ten year, one million mile).

The dyno-engineered ULTRIK Cold Air Intake system improves airflow, performance and filtration. Dyno results shows a less restrictive intake delivering cool air means more power from your engine. The ULTRIK cold air box design is backed by the best product warranty in the business. It is your assurance that every performance mile is warranted against damage caused by a failure of an ULTRIK brand component. No one else offers a warranty like this for your performance modifications. We believe it is indicative of our superior product design and reliability. Demand ULTRIK brand for all your performance modifications.

Improved airflow into the supercharger = more horsepower = better performance! The ULTRIK Cooper 'S' Cold Air Intake System improves on existing designs for greater efficiency.

The stainless steel airbox uses a wider design with chamfered base to enable better airflow across the entire filter while providing adequate clearance from other engine compartment devices. The high pressure area at the base of the windshield directs outside air into the airbox through the existing bulkhead opening.

The shape of the airbox frame in conjunction with its bulb type rubber seal provides a positive seal against the underside of the bonnet, eliminating the need for an obtrusive top.

The ULTRIK cold airbox has a removable plate which allows the use of the NMS4006 ULTRIK Titanium front strut brace.

Works well on earlier JCW cars without the the JCW cold air intake system. Not compatible with Automatic transmission Cooper S.

CARBON FIBER FRONT STRUT BRACE

This 100% carbon fiber strut brace is INCREDIBLE! Not just a piece of cosmetic jewelry, this strut tower brace is a precision crafted structural component from one of the most respected composite manufacturers in the industry. Extremely lightweight and twice as strong as aluminum. The show-quality autoclave process carbon center bar is ALL CARBON FIBER -- not carbon fiber covered metal -- and mounts to the car with lightweight CNC machined aluminum towerplates. Its hinge-free design ensures maximum reduction in chassis flex. Comes complete with a re-moulded cover for the ECU to allow proper clearance.

The Carbon Fiber Strut Brace improves handling by reducing that jittery feeling when traveling around a bumpy corner. It ties together the two front upper strut towers, increasing front chassis rigidity for quicker steering response and better handling. This results in a much more stable feel during cornering and over road imperfections. Fits Cooper 'S' only.

NMS4007 Reg. \$299.00 **\$279.95**

ALLOY FRONT STRUT BRACE

This aluminum alloy front strut brace gets the job done, at a lower cost!

NMS4008 Reg. \$199.95 **\$189.95**

REAR STRUT BRACE

It is a well publicized fact that maintaining the chassis stiffness of any car will improve handling. Anytime you can do it cost-effectively and unobtrusively you are ahead of the game.

The rear of the MINI does not have as much horizontal stabilization as the front, and over time it can begin to flex. This rear stress bar allows you to apply a preload to the rear of the

chassis. This helps stabilize the rear of the MINI, keeping it from flexing under heavy stress, and helps maintain the rear suspension geometry in the corners. Easy installation with basic tools. Fits Cooper and 'S', 2002-2006; not for Cabrio.

NMS2020 Alloy bar (top), reg. \$99.95 **\$89.95**

NMS2021 Carbon fibre bar (bottom), reg. \$139.95 **\$129.95**

HEAVY DUTY REAR ANTI-SWAY BAR

Designed and built in Australia for the enthusiast who needs a more aggressive range of handling adjustability, this 20mm Adjustable Rear Anti-Sway Bar features three positions that allow for quick and easy adjustability for both street and track driven MINIs. This 20mm bar can be used to balance the chassis and eliminate the understeer inherent in the MINI's front wheel drive design. Suitable for street and race applications. Premium quality, bar and poly bushes are included. Uses the stock drop links. Fits Cooper and 'S'.

NMS2007 Reg. \$249.95 **\$199.95**

KONI FSD SHOCK ABSORBER SET

KONI Golds with Frequency Selective Damping (FSD) technology will transform your MINI into a smoother riding daily driver while also enhancing suspension performance.

The KONI FSD's revolutionary technology was designed and patented to end the compromise between comfort and road-holding. These

shocks automatically adjust to road conditions as well as your driving style, delivering greater stability and control -- and therefore greater driving pleasure. Must be used with stock height suspension. Fits Cooper and 'S', March 2002 - 2006. Read more about the KONI FSDs on our website.

NMS3060 Reg. \$799.95 **\$650.00**

KONI ADJUSTABLE FRONT SPORT SHOCKS

Upgrade your suspension with KONI adjustable shocks for improved ride control and improved handling. Can be used with original equipment springs or with a performance spring upgrade.

At the softest setting (recommended for stock springs), these shocks offer slightly softer compression with a slightly stiffer rebound. Eliminates the 'bounciness' with the stock shocks. Depending on your driving style, you can stiffen the shocks for more spirited driving or track applications.

Last but not least, KONI's shocks are built to last a lifetime. Once you have bought a set of KONI's shocks, they usually will outlast your car. KONI street shocks carry a lifetime warranty to the original purchaser for as long as you own the vehicle. For Coopers March '02 or later, and all Cooper S. Sold per pair.

NMS3001 Reg. \$379.95 **\$359.95**

ULTRIK REAR ADJUSTABLE CONTROL ARM KIT

ULTRIK's adjustable rear control arm set delivers improved handling and quicker turn-in response. It is a must-

have for serious performance driving for track days and autocross competition. Street cars with lowered ride heights, shorter springs and coilover systems will benefit from the improved suspension geometry this kit provides. Fits Cooper and 'S', 2001 - 2006.

NMS5010 **\$399.95**

ULTRIK LOWERED SPRING SET

Why change your springs? The MINI Cooper factory set-up is very good but is a compromise for all drivers, even those that will regularly load four adults or only drive their MINI to the theater.

The ULTRIK Spring Set is designed for the aggressive street driver who may want to take his or her MINI to the track from time to time. These springs lower ride height approximately 1" (1/2" for Sport Suspension), providing improved handling while retaining excellent ride quality. Spring rates have been optimized and are similar to factory rates. Set of four springs can be used with either stock or upgraded shocks.

NMS1003 Reg. \$174.95 **\$169.95**

EBC GREENSTUFF BRAKE PADS

Reduce brake dust on your front wheels!!! EBC Greenstuff Front Brake Pads deliver increased stopping power, reduced brake fade and reduce wheel dust by up to 80%

over many aftermarket semi-metallic offerings. The new Greenstuff material reduces pad to disc operating temperature by up to 200 degrees while offering high initial 'bite' and are effective up to 800 degrees F. Features factory style spring clips for accurate and quiet operation. Suitable for all fast road applications, Green Stuff pads are manufactured from a high performance brake material with kevlar fibres that will deliver excellent braking efficiency (0.48) and durability. This high performance roadsport material still includes the attributes necessary for safe and effective road braking in intermittent traffic conditions whilst ready to deliver in depth braking power when called upon. These pads are slotted for the factory brake sensor.

NMB1100 Front, pair **\$89.95**
NMB1101 Rear, pair, Reg. \$74.95 **\$69.95**

EBC YELLOWSTUFF BRAKE PADS

The Ultimate Race Front Brake Pads for highly tuned MINIs on the track at a very reasonable price. Low dust formula to boot!

Although a full race material and capable of high temperature use with very good wear life, this new formulation sets a new trend in race

type brake pad compounds. The "bite" from cold is superb which is uncommon with race materials (normally requiring warm-up) and makes this a pad which can be **safely used on the highway as well as on the race track**. This new formulation was used by numerous championship race and rally drivers in 2004 and is truly a milestone in brake pad material development. Nominal friction coefficient 0.6 with zero rotor damage and low dust.

EBC Yellowstuff is a high performance Kevlar fibre based race material with good lifetime for use on heavier cars in road racing where durability is the prime concern. These pads can be used with either plain, drilled or slotted discs, although the use on slotted discs will slightly reduce lifetime. Slotted for MINI brake wear sensor. Follow manufacturers bed-in procedure for proper operation.

NMB1103 Front **\$99.95**
NMB1104 Rear **\$89.95**

FERODO DS2500 HIGH PERFORMANCE BRAKE PADS

The DS2500 compound brake pad is designed for high performance applications in **early** MINIs (to 2003) thanks to its excellent speed and temperature sensitivity characteristics.

Ferodo DS2500 is a club race pad that can be used on the **street and for light track use**. This compound produces some noise on the street, but retains good cold friction, and has an MOT of around 1,000 degrees F. It also has 35% less compressibility than competitive products, giving it very good pedal feel and modulation characteristics. DS2500 has an average friction level of approximately (0.50) which remains constant at any speed, and at any temperature up to 1,000° F. Follow manufacturers bed-in procedure for proper operation.

- ◆ Performs equally well on heavy and light cars
- ◆ 20% less pad wear than competitive products
- ◆ Minimal bedding-in, supplied ready to use
- ◆ Disc Friendly
- ◆ Consistent friction level with changing temperatures and speeds to give optimal pedal modulation
- ◆ High friction level at both high and low temperature (good cold braking)
- ◆ Less noise for increased driving comfort

NMB1200 Front **\$149.95**
NMB1201 Rear **\$159.95**

EBC ULTIMAX REPLACEMENT PADS

EBC Ultimax replacement brake pads are a high friction premium quality friction material approved to ECE R90 brake safety regulations, and so are an exact equivalent to original equipment pads. When you buy EBC R90 replacement

pads you are getting an exact equivalent to an original equipment pad for far less money. Don't let the lower price point cloud your view of this superb quality product: these pads will stop your vehicle as fast as any original equipment pad and faster than most aftermarket pads. A new heavy duty part metallic/part aramid fiber pad delivers silent and powerful braking. Fits 2002-2006 Cooper and Cooper S.

NMB1105 Front **\$49.95**
NMB1106 Rear, Reg. \$47.95 **\$46.95**

METAL BRAIDED BRAKE LINE KIT

Adding a set of these stainless steel brake lines to your MINI will provide an immediate improvement to brake performance and pedal feel from the very first stop.

These stainless steel brake lines maintain consistent brake pressure and precision brake modulation, especially during threshold braking. They are manufactured to meet DOT Compliance Standards, and every line is 100% tested to a pressure of 4500 psi. The Teflon® inner brake line is very resistant to expansion under pressure and will not degrade from exposure to brake fluid. The stainless steel braid covering provides support for the Teflon line and is extremely durable against incidental impact and abrasion. Finally, these brake lines are coated with a clear abrasion resistant cover for maximum protection against chafing. All necessary brackets and fasteners are included with each line kit.

Fits Cooper and 'S'. Order NMB1003 for MINIs with production dates in or before April 2003 (rear hose attaches to caliper with banjo fitting). For production date of May 2003 and later, order NMB1007 (rear hose threads directly into caliper).

NMB1003 to April 2003 **\$179.95**
NMB1007 May 2003 and later **\$179.95**

DRILLED AND SLOTTED RACE PERFORMANCE ROTORS

High quality performance brake rotors are now available for MINI's!!

RacingBrake performance rotors are built from quality tooling and materials, not machined blanks like most of the competition. Metallurgy, machining, and balance specifications are tightly controlled to get the most out of your stock MINI brake system.

When combined with quality brake pads, you can expect better pedal response, less brake fade, and increased braking performance. Great for auto crossing and other uses where track day pad changes are undesirable. Sold per pair.

POWERSLOT SLOTTED BRAKE ROTORS

Power Slot premium replacement rotors are designed to run cooler, dramatically improve wet and dry brake performance, and are a safer alternative to drilling crack-prone holes through cast iron rotors

All Power Slot rotors are CNC machined using a patented tapered-slot technology. This process removes far less of the rotor's surface area (3.7%) than conventional cross drilling (up to 7.75%) to help maintain the highest possible brake pad friction co-efficient. The slot designs of Power Slot rotors are angled to use the rotors' direction of rotation to enhance performance. This makes them side specific with left side (driver's) and right side (passenger's) rotors.

BRAKE CALIPER BUSHING STIFFENING KIT

This kit improves brake feel by eliminating caliper twisting caused by the stock rubber guide pin bushings. Includes precision guide pins and machined brass guide bushings for both the front and rear brakes. The kit allows your calipers to squeeze

evenly on both sides of the brake rotor, just like expensive multi-piston big brake kits – resulting in longer pad life and more consistent brake feel. These are a must if you race your MINI. SCCA and BMW CCA Club Racing approved. Easy installation; if you've changed pads and rotors, you can install this kit!

SATISFACTION GUARANTEED!

We back up every sale with our Satisfaction Guarantee: If you're not fully satisfied with our products or service, we'll refund the purchase price. A full refund is available for qualified items returned within 15 days of order receipt. Electrical Components, VHS Tapes, DVDs, Software or Software Devices, Books and Special Order or Custom Built Items cannot be accepted for return. Visit our website or call for full [Return Policy](#) details.

Prices in this supplement are current as of November 2006, but are subject to change without notice. Sale prices expire December 31, 2006. All prices are in US dollars.

Shipping: By the least expensive way, usually UPS, unless otherwise specified. All shipping costs are paid by the customer.

Payment: VISA, Mastercard, Discover, check, or money order. Returned checks will be subject to a \$25.00 service charge, plus additional fees if the check is not satisfied within 30 days.

Warranty: All parts are warranted against defects in material and workmanship. In most cases, warranty will not cover labor, failure of related components, failure from faulty installation or misuse, nor will liability exceed the cost of the original component.
